3. **Discussion of Board's progress so far under Annual Plan 2011-12.**

**ED/ CWDB placed the progress report of CWDB under Plan and Non Plan head till January 2012 and also stated that** there is very little sheep population in North East Region and there is no wool processing activity, so there is very little scope for implementation of CWDB Schemes in the region **and thus Rs. 1 Crs. allocated by MOT for NE region will not be utilized fully.** He stated that in current FY three Woollen Expo have been sanctioned and organized in North Eastern region ( in Guwahati, Shillong and Dimapur ) in Association with Indian Chamber of Commerce and thus total fund utilization under the head will be approximately Rs. 42 lakhs only.

ED/ CWDB also stated that CWDB will be able to utilize the total Plan fund ( Rs. 67.16 Crs) allocated to it for 11<sup>th</sup> Plan under various schemes considering re-appropriation proposal sent by CWDB and already approved by the Secretary ( Textiles ).

ED/ CWDB also stated that under Non-Plan head, this year only Rs. 1.27 Crs have been sanctioned though it was Rs. 1.8 Crs for year 2009-10 and Rs. 1.5 Crs for Year 2010-11 and so it is difficult to pay the salary for the CWDB staff for month of February, 2012. In addition to it approx. Rs. 23 lakhs were to be deposited to LIC as Gratuity Contribution for year 2011-12 for CWDB staff, which also could not be deposited due to in-sufficient fund. Chairperson stated that matter is being looked into the Ministry and will surely be sorted out soon.

He also put up the difficulties regarding importing of the same and requested to procure the already imported machines after inspection of machines by a committee (regarding cost of machineries, residual life, working capacity) to be procured as open tendering will not serve the purpose as a specific machine is required.

Executive Committee did not agree to the proposal to do away with open tendering and stated categorically that open tendering method shall be adopted to procure the required machines as being followed in Govt. of India. EC members also stated that specification of machines shall be clearly spelt out in the tender document so that only desired and proven machinery for processing short staple fiber is procured.

- 6. Permission to procure Rams by State Govt. agencies at market price and re-appropriation of funds from one component to other for utilization of funds within the over all fund sanctioned by CWDB under S.W.I.S. & R&D.**

ED/ CWDB stated that under Breed Improvement components of 'Sheep & Wool Improvement Scheme' (SWIS), there is a provision of upto Rs. 4,000/- (including cost of transportation, feed and insurance charges etc.) to distribute good quality breedable Rams for increasing quality and quantity of indigenous wool. During implementation of scheme in field, State Govt. agencies reported that best quality breedable Rams are not available within this financial limit. The Board has received letters from various Govt. Agencies from Karnataka, Jammu & Kashmir, Himachal Pradesh, Uttrakhand and Rajasthan to allow them to procure Ram at market price within the overall fund sanctioned so that sheep breeders can be benefitted and fund allocated for the same can be utilized.

ED/ CWDB also stated that a SFC note was also proposed and sent to MOT for approval in Nov. 2010. He also stated that approx. 70% of total sanction amount is unutilized under the component due to good quality Ram not being available in the given financial limit.
